A Members’ Guide to ‘Create a Concept’
Go to http://arthapedia.in and Click on Log in
Type your **Username** & **Password** and click on **Login**.
Once logged in, you will come to the page as shown below. Here, you will be able to see your username on top right.

To create or upload a concept, click on **Create a Concept** that is given on the left side menu.
On clicking **Create a Concept**, you will see the following page.

Here, **type the title** of the concept in the space given for the same, and then click on **Create a new concept** button appearing next to it.
You will come to the page as shown below. Here you can type or paste the content of your Concept in the main box.

Below the main box, there is a small Summary box. Here you can type the summary of your concept.
To see the preview of your concept, click on **Show Preview**. To save/post this concept, click on **Save Page**.
Preview of the page will appear as below. You can still make changes in the content. Click on Save Page to save / upload / post this concept.

This is an example of how to create a new concept.
A step by step procedure for uploading or creating a new concept and posting it on the website

Please note that all contributions to Anthapedia may be edited, altered, or removed by other contributors. If you do not want your writing to be edited mercilessly, then do not submit it here.

You are also promising us that you wrote this yourself, or copied it from a public domain or similar free resource (see Anthapedia Copyrights for details). Do not submit copyrighted work without permission.

Summary:
- This is a minor edit
- Watch this page

Save page | Show preview | Show changes | Cancel | Editing help (opens in new window)
You can also see the list of your contributions by clicking on **My Contributions** on the top right.
In case you wish to comment on any of the Concepts (articles) that are already uploaded/available on the website, click on the respective Concept.
Once the Concept page is open, click on **Comments** that appears on the top.
On the screen that appears on clicking on Comments, you can type the comment in the text box. You can also format the text as per the formatting toolbar given above the text box.

You can take a look at the preview of the comment by clicking on **Show preview**. You will be able to see how it will appear once you have saved this page/posted this comment. Click on **Save page** to post this comment.
On finishing, you may log out of your account by clicking on Log out appearing on top right.
